Unfaithful Woman

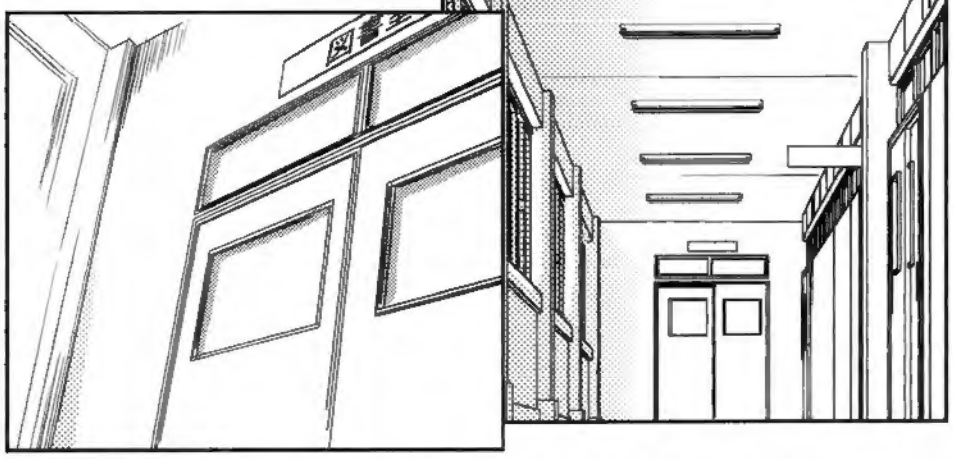
Ootomo Megane



Haah...

nibble

We'd be in trouble if someone came in.

What is it?

Sensei...

Ufu.

You don't want this, Yoshino?

The staff will get mad at you for stealing it.

No? Nuh-uh?

CUUUTE!

JUMP

KISS

I'm going.

What-ever.

I think... I heard someone. You heard it too, right, Aya-chan?

I guess 'cause class started. Let's go.

Huh? It's locked?

rattle

Wait up!

That was thrilling, wasn't it?

Sensei, you're behaving a bit weird today.

I am?

Yes, you are.

Well,
I'm going
now.

We'll
continue at
my place.

Yoshino immediately understands me.

you know I'm getting married, I'll mail you an invitation♡

Miyuki

Unlike a certain idiot.

Ah...
Yeah.
For the culture festival groupings.
Eh?
Class rep, did you have to do something for sensei?
Ah!
The career choices.
Please give this to Miyabi-chan.
Ah, Sawamura-chaaan

First school

Ah.

Not that I care.

Aoshima-san's second choice is tough as well.

Miki-sens-_

Whoa.

You seem out of it.
What's wrong?
One year ago, on the roof-top.
I was thinking of the time when we met.

Sensei, do you remember?

Of course, I do.

Looking back, we are miraculous to be together now.

slide...

We really understand each other.

Mm....

Nod

...Haah!

You know, Sensei...

Ah

Aaah

Smooch

Maybe. just maybe...

The way you think we understand each other...

Is probably different from the way I think we understand each other.

You keep an old message from a girl.

And I can tell that you sometimes pretend to touch her when you touch me.

But, I forgive you.

Because it's not like you chose to fall in love with her.

And it's not like either of us are innocent maidens.
